

APPENDIX B - SPECIFICATIONS ON DRIVEWAY ENTRANCES

§ B-1. Specification on Driveway Entrances.

(A) All driveway entrances and other openings onto town-maintained streets shall, at a minimum, conform to the requirements set forth in the North Carolina Department of Transportation "Policy on Street and Driveway Access to North Carolina Highway."

(B) All driveway connections must be approved by the town Public Works Director before construction. Driveways connecting with NC Department of Transportation ("NC DOT") system streets must also receive applicable State permits.

(C) All driveway connections must provide for adequate flow of stormwater run-off in sideline ditches, valley gutters or suitable sized, approved pipe.

(D) The following diagram depicts a typical driveway apron:

Diagram notes:

1. The driveway apron shall span the full distance from the edge of the pavement to the property line.
