On November 19th, the 3rd annual Household Hazardous Waste Collection Event will be held at the Pinecrest High School parking lot off of Voit Gilmore Lane. It will be open from 10:00 a.m. to 2:00 p.m. and it's free!! There will also be a paper shredding service available at this site.

Examples of items to be collected are: paint and paint thinners, furniture strippers and finishing products, solvents and degreasers, wood preservatives, polishes, aerosols, fluorescent light tubes, compact fluorescent bulbs, NiCad batteries, alkaline batteries, lithium batteries, propane cylinders, swimming pool chemicals, used motor oil, antifreeze, gasoline, hydraulic, transmission and brake fluid.

Commercial waste and electronic waste will not be collected at this event; however you may now dispose of E-Waste at any of the seven Moore County Collection Centers.

Pesticides, herbicides, fungicides and insecticides will be accepted but MUST be in its original container for identification purposes.

This event is sponsored by: Moore County Cooperative Extension Service, Keep Moore County Beautiful, County of Moore, Village of Pinehurst, Village of Whispering Pines, Sustainable Sandhills, NC Department of Agriculture, Town of Aberdeen, and the Town of Southern Pines. For more information call the Aberdeen Town Hall at 944-1115.

The following information is provided by the Moore County District Attorney's Office:

Protect your identity by deterring, detecting and defending all fraud, suspicious activity in an effort to safeguard your personal information. Identity theft is a serious crime. It occurs when your personal information is stolen or used without your knowledge to commit fraud and other crimes. Identity theft can cost you time and money. It can destroy your credit and ruin your good name. Your identity is a valuable asset that should

be vigilantly protected.

Deter identity thieves by safeguarding your personal information.

Shred financial documents and paperwork with personal information before you discard them. Protect your Social Security number. Don't carry your Social Security card in your wallet or write it on a check. In most cases you can use some other identifier. Don't give out personal information on the phone, through the mail, or over the internet unless you know who you are dealing with. Never click on links sent in unsolicited emails; instead type in a web address you know. Use firewalls, anti-spyware, and anti-virus software to protect your home computer and keep them up-to-date. Place a security freeze on your credit report. This can prevent criminals from accessing your credit information. Keep your personal information in a safe place at home, especially if you have roommates, employ outside help, or are having work done in your house.

Detect suspicious activity by routinely monitoring your financial records and billing statements. Be suspicious of these symptoms:

- Bills that do not arrive as expected. A late bill may seem like an extra-long "grace period". In reality, your mail may have been diverted to disguise illegal activity.
- Unexpected credit cards or account statements, and denials of credit for no apparent reason.
- Calls or letters about purchases you did not make. Inspect your financial statements and credit reports; credit reports contain information about you, including what accounts you have and your bill paying history. You are entitled to a free copy of your credit report from the major nationwide reporting companies Equifax, Experian, and TransUnion. Call 1-877-322-8228 or visit www.annualcreditreport.com. Review your financial statements regularly for charges you did not make.

Defend against fraud as soon as you suspect it.

Place a fraud alert on your credit reports and review the reports carefully. The three nationwide consumer reporting companies have toll-free numbers for placing an initial 90-day fraud alert; a call to one company is sufficient. Equifax: 800-525-6285; Experian: 888-397-3742; and TransUnion: 800-680-7289.

Placing a fraud alert entitles you to free copies of your credit report. Look for inquiries from companies you haven't contacted, accounts you didn't open, and debts on your accounts that you can't explain.

Be wary of closed accounts that have been tampered with or established fraudulently. Call the security/fraud department of each company to inform them that the account was opened or changed and then follow up the call in writing. Keep copies of all documentation and make notes of conversations about the theft.

Visit www.ftc.gov/idtheft for ID theft affidavit and to report your theft to the Federal Trade Commission and file a police report.

TOWN PLANS BIKE RACKS

The Town has been diligent in pursuing a bicycle and pedestrian plan, and now it is time to get serious and put the infrastructure on the ground. Plans are in the works to order bicycle racks for our residents and visitors. It has come to staff's attention that apartments and businesses in the community may also be interested in ordering racks for their establishments to increase the presence of racks around town. Staff will be pursuing potential savings in discounts and shipping fees for volume orders of bike racks. If you would like to purchase a rack specifically for your place of business and are interested in seeing if a discount is possible, please contact Kathy Liles in Planning at 944-7024.

GRAND MARSHAL FOR CHRISTMAS PARADE

CHRISTMAS TREE PICK-UP

After Christmas, place all Christmas trees at the curb for pick-up. All ornaments and stands must be removed prior to pick-up. Businesses, please do not leave discarded Christmas trees behind your business.

COMPREHENSIVE PARKS MASTER PLAN

Aberdeen Parks and Recreation Department is preparing a Comprehensive System Wide Parks Master Plan. As part of this process, citizens are invited to meetings and encouraged to express their interests about existing facilities and programs and future needs through their comments at meetings, surveys, phone calls and emails. This community input is vital to the success of this process and document!

The first meeting of this process is scheduled for Thursday, November 17th at 6:00 pm at the Aberdeen Recreation Station. This meeting is to begin the planning guide of focusing on the future of parks and recreation in Aberdeen. This meeting and the ultimate Comprehensive Master Plan will examine the following areas:

- Existing community resources
- Parks, recreation, open space criteria
- Needs concerning parks, recreation, greenways, bike paths, and conservation lands
- Town objectives with an action plan for implementation

Additional meetings will be held in December 2011 and January 2012. The final document will be ready for adoption in the spring of 2012. For additional information about this meeting or the process, please contact Leigh Baggs at 944-PARK or at lbaggs@townofaberdeen.net.

TURKEY FRYER SAFETY

As the holiday season approaches, the members of the Aberdeen Fire Rescue Department would like to give you some safety reminders to help you and your family stay safe while you celebrate during the holiday season. Be sure to have working smoke alarms installed on every level of your home. Test them monthly and keep them clean and equipped with fresh batteries at all times. Know when and how to call for help. Also, remember to practice your home escape plan! We wish you and your family a safe and wonderful holiday season!

- Turkey fryers should always be used outdoors a safe distance from buildings and any other material that can burn.
- Never use turkey fryers on wooden decks or in garages.
- Make sure the fryers are used on a flat surface to reduce accidental tipping.
- Never leave the fryer unattended. Most units do not have thermostat controls. If you don't watch the fryer carefully, the oil will continue to heat until it catches fire.
- Never let children or pets near the fryer when in use. Even after use, never allow children or pets near the turkey fryer. The oil inside the cooking pot can remain dangerously hot even hours after use.
- To avoid oil spillover, do not overfill the fryer.
- Make sure the turkey is completely thawed and be careful with marinades. Oil and water don't mix, and water causes oil to spill over, causing a fire or even an explosion hazard.
- Keep an all-purpose fire extinguisher nearby. Never use water to extinguish a grease fire. If the fire increases, immediately call 9-1-1 for help.

The National Turkey Federation recommends refrigerator thawing and to allow approximately 24 hours for every five pounds of bird thawed in the refrigerator.

HOLIDAY SAFETY TIPS

The holiday season is a time for family gatherings and fellowship with the ones we love. It is also the time when unscrupulous people take advantage of those who are unsuspecting and trusting. Historically the crime rate always goes up around the holidays because there are so many potential "victims" to choose from. Being a victim of a crime is a major tragedy in your life. The Aberdeen Police Department would like to offer you some tips to protect yourself:

1. Do your holiday shopping with a credit or debit card and avoid carrying cash. Cards are traceable and if someone makes unauthorized purchases you can only be held responsible for a small portion of the amount. Cash on the other hand is gone for good.
2. Park your vehicle in well lighted areas and shop with a friend. This allows one person to act as a lookout for potential trouble while the other loads the car. If you are alone, be aware of your surroundings while shopping and while loading your car.
3. DO NOT leave purchases in your car while it is parked; lock them in the trunk out of sight of persons walking in the parking lot.
4. DO NOT place your purse or wallet in the shopping cart. This makes it easy for anyone to grab it and run.
5. If you are going to be out of town for the holidays, notify the post office to hold your mail and have a neighbor pick up your paper. Put your lights on a timer and do not leave presents in front of uncovered windows. If you contact the police department, we will have an officer check your house while you are away.
6. Be aware of your surroundings and people around you. Distraction scams are popular during the holidays. One individual will approach you and engage you in conversation while the other one takes your wallet. Be very wary of strangers who approach you.
7. Be very careful of people who have "hard luck" stories. If approached by someone who says they need twenty dollars for gas to get home or something similar, offer to call the police to assist them. If they are legitimate they will be grateful, if not they will move on. Generous people are often taken advantage of during the holidays.

Practice these tips during the holidays and you will reduce your chances of becoming a victim this holiday season. The Aberdeen Police Department wants to wish everyone a safe and happy holiday season.

REDESIGNED TOWN WEBSITE

The Town of Aberdeen's website has recently been redesigned to include many user-friendly services. Citizens can now "Report A Concern" through the website and receive prompt feedback from Town staff on those concerns reported. The public can also sign up for e-news and choose which categories to be notified of such as employment, agendas for Board Meetings, news and events, etc. Board Minutes have all been indexed so that they can now be searched for convenience. Links to social media sites Facebook and Twitter have also been added and as news and events are added to our website, they instantly feed out to the social media sites. If you are a Facebook or Twitter user, be sure to "like" us on our page, so that you receive instant news and events from the Town of Aberdeen.
