What's going on in the Parks?

The weather is beginning to turn, so our attention turns from keeping up with routine maintenance, to special projects. Now is the time of year we can focus on projects both small and large.

A few of the larger projects we have been working on are now being finished. The new sign at the Aberdeen Lake Park now helps to highlight the park, the Parks and Recreation Department, and

upcoming programs and events. The new playground equipment at Sharpe Park certainly enhances and improves that facility, with more equipment to come in future years. The ballfields at Colonial Heights have also been worked on, as the infields have had material added and been laser graded. The outfields have been aerated and seeded to improve condition and playability. This winter, we will also continue to work on Powell's Pond, at Ray's Mill Park, to continue to improve that body of water, and cut down on the water weeds. Staff has worked hard to try to continue to improve the facilities and opportunities for the residents of Aberdeen.

If you have any improvements you would like to see, questions regarding the parks or park rentals, or you are interested in the many programs we have to offer, please feel free to the Parks & Recreation Department at (910)-944-7275. We are also always looking for suggestions for programs residents are looking to see, or for instructors who are interested in teaching.
