

## Edition 10

### Ever Wonder Why the Town Operates the Way It Does???

Now you can find out first hand!

Citizens Academy Program (CAP) is a program for citizens and business owners in Aberdeen with goals to provide individuals with a better understanding of the town's municipal services, the council-manager form of government, and the challenges local governments face.

There is no cost to individuals who attend the sessions, but the Town strongly encourages participants to commit the time to attend each program. The sessions will be held on the following dates from 5:30 p.m. – 7:30 p.m. each evening: October 15, October 29 and November 5. Since many participants will arrive directly from work without eating, dinner will be provided during each session.

[If you are interested in participating in CAP, please fill out an application.](#)

**CITIZENS ACADEMY PROGRAM**

## Dealing with Mosquito Nuisance after Hurricane Florence

Moore County has issued a press release with a plan to deal with mosquitoes:

"Last week, Governor Roy Cooper ordered that \$4 million be distributed to fund mosquito control efforts in counties currently under a major disaster declaration. Moore County, along with 26 other NC counties, was part of that declaration. Following the Governor's order, Moore County Government officials met with representatives from the various Moore County municipalities and determined that

the County will not pursue any form of mass mosquito pesticide spraying efforts. Instead, Moore County's funding allocation will be used to purchase and distribute mosquito "dunks" for residents to use individually on their property at no cost to them. This will be in conjunction with a county-wide educational campaign centered on personal protective measures against mosquitoes."
