

## Edition 35

### Mosquito Dunks are available at Town Hall

The Town has mosquito dunks available for residents. These are FREE for residents. These dunks help to kill larvae where there is standing water.

With the rainy season we have had and hurricane season approaching now is a good time to get your dunks. The dunks will get rid of larvae wherever you put them, so they'll reduce the local mosquito problem. The dunks are harmless to fish, frogs, dogs, cats, and other wildlife, as well as flowers and other plants. It only affects the larvae of mosquitoes, black flies, fungus gnats and other closely related insects.
